

20 PORTABLE CONDITIONER MONOBLOC MUPO C4/H4 Series

MUNDOCLIMA[®]

Outlet tube

REMOVAL OF CONDENSED WATER

Removes the condensed water assuring the best humidity level in the room. Possibility of removal of condensed water through a water tank (with full tank alarm) or continuous discharge tube.

VENTILATION FUNCTION

Allows working only in fan mode.

THERMOSTAT

Keeps the selected temperature automatically

HOT AIR DISCHARGE TUBE

Easy and fast installation. Allows the use of the air conditioner immediately: pull down the back cover for coupling.

DEHUMIDIFYING

Reduces humidity restoring temperature

MUPO-07-C4
(Cool only)

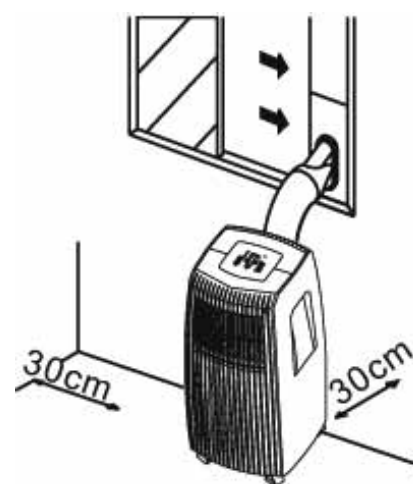

MUPO-12-H4
(Heat pump)

Remote control INCLUDED

Model		MUPO-07-C4	MUPO-12-H4
Code		CL 20 080	CL 20 081
Cooling capacity	W	2,100	3,530
	BTU/h	7,000	12,000
	Kcal/h	1,806	3,010
Heating capacity	W	—	3,230
	BTU/h	—	11,100
	Kcal/h	—	2,780
Absorbed power Cooling	W	1,000	1,420
Absorbed power Heating	W	—	1,380
Dehumidification capacity	l/h	0.8	1.25
Air flow-rate (M/M/L)	m ³ /h	370	380
Voltage-Frequency	V-Hz	230-50	230-50
Sound level	dB(A)	56	57
Unit width	mm	350	467
Unit Height	mm	749	765
Unit depth	mm	381	397
Unit weight	Kg	24	27

Window kit included
